

PFA0195 2004 Pierce/Freightliner Pumper Tanker-SOLD

Palmetto Fire Apparatus recently took delivery of two of these sister trucks. These 2 man cab, commercial pumper tankers are unique and we don't expect them to be here for long. They both offer 2,500 gallon tanks, 1,000gpm pumps, side and rear dump chutes and an impressive amount of storage given the type of vehicle.
